SD Parent Connection

www.sdparent.org

800-640-4553

Information, resources and support for families and professionals. Assists families and professionals to understand and navigate the special education process at no charge.

SD Parent Connection - Family Resource Guide

Information on local, state, and national resources to meet the needs of families raising children with special needs. Access online or request a hard copy.

Education Services

Federal laws ensure that a child with a disability or special health care need receives a free and appropriate public education.

- Individuals with Disabilities Education Act (IDEA) www.parentcenterhub.org/lg1/
- Section 504 of the Rehabilitation Act of 1973
www.pacer.org/parent/504/

If you know or suspect a child 3 years of age or above has a disability, contact your local public school to request a free evaluation.

If you are concerned that an infant or toddler has a developmental delay, contact the statewide Birth to 3 Connections program at 800-305-3064 to request a free screening.

Financial Assistance Programs

GoodRx.com

www.goodrx.com

855-268-2822 (text or call)

If your family does not live in South Dakota, contact SD Parent Connection for information on resources in your state.

Children and Medications

Tips to Help Reduce Pharmacy Expenses

- + Let your health provider/pharmacist know if pharmacy costs are a hardship so they may help you find affordable alternatives and programs.
- + Finding the drug discount card or coupon for greatest savings is a matter of trial and error but worthwhile.
- + Apply for financial assistance programs offered by the pharmaceutical company that manufactures your child's medication.
- + Ask your health provider to write a prescription for items your child needs from the pharmacy. Private insurance or discount cards/coupons may then apply, and you may be exempt from sales taxes.
- + Check with pharmacies for saving cards or rewards programs that offer rebates or discounts for your continued business.
